"React.js Developer with 1.7 years of experience and 15+ completed projects. Skilled in JavaScript, React, and modern web technologies. Currently expanding my skill set in backend development to deliver complete, full-stack solutions with clean, responsive designs."

## EXPERIENCE

HTSM Technologies Pvt. Ltd.

Kolkata, West Bengal

**React JS Developer**

Dec 2023 – March 2025

- Developed and maintained responsive web applications using React JS, JavaScript, HTML, and CSS.
- Worked on projects like lab.clart.in, and jaisal.co.in with a focus on clean, user-friendly interfaces.
- Collaborated with cross-functional teams to ensure smooth project delivery.

**Brandwind**

Bolpur, West Bengal

**MERN Stack Developer**

March 2025 – Present

- Currently working as a MERN Stack Developer, handling both frontend and backend development.
- Building scalable web applications using MongoDB, Express, React, and Node.js.
- Working closely with teams to deliver seamless and efficient solutions.

## PROJECTS

lab.clart.in (WB govt Project)

- Designed and implemented a responsive UI for CLART, ensuring crossdevice accessibility.
- Built components for dynamic data management related to lab services and training programs.
- Integrated real-time data APIs to enhance the display and update of research services.
- Integrated CCAvenue payment gateway, enabling smooth and secure transactions for users.

jaisal.co.in (E-commerce Website)

- Enabled real-time inventory sync and streamlined checkout process through efficient API integration.
- Developed the front-end using React.js with GSAP and Framer Motion for smooth animations.
- Implemented dynamic product listings, cart system, and order flow for seamless shopping experience.

Hotel Management SaaS Project

- Contributing to a hotel SaaS platform, managing full-stack development for seamless digital booking services.
- Designed user-friendly booking flow with room selection, live availability, and quick confirmation.
- Developed backend APIs for managing hotel data, user bookings, and secure transaction processing efficiently.
- Optimized for mobile devices and scalability to handle various hotels and heavy user traffic.

## SKILLS

**Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Ant Design.

**Backend:** Node.js, Express.js, MongoDB, RESTful APIs.

**Tools & Platforms:** Git, GitHub, VS Code, Postman

## EDUCATION

BBMKU University

Dhanbad, India

**Bachelor's Degree**

2019 – 2022
